

# Fertility/Oncofertility Resources

## National Resources

### **Cancer.Net**

Cancer.Net provides timely, comprehensive, oncologist-approved information from the American Society of Clinical Oncology (ASCO), with support from the Conquer Cancer Foundation. Cancer.Net brings the expertise and resources of ASCO to people living with cancer and those who care for and about them to help patients and families make informed health care decisions.

**Cancer.net**

### **International Council on Infertility Information Dissemination, Inc.**

The International Council on Infertility Information Dissemination (INCIID) is a nonprofit organization that helps individuals and couples explore their family-building options. INCIID provides current information and immediate support regarding the diagnosis, treatment and prevention of infertility and pregnancy loss. It also offers guidance to those considering adoption or child-free lifestyles.

**inciid.org**      **703-379-9178**

### **Living Beyond Breast Cancer**

Connecting people with trusted breast cancer information and a community of support. Living Beyond Breast Cancer offers a helpline and numerous programs and online resources focused on fertility and family planning after a breast cancer diagnosis.

**(855) 807-6386 (toll-free) or (610) 645-4567**  
**lbbc.org**

### **LIVESTRONG Fertility Services**

If you want to become a parent after cancer, LIVESTRONG wants to give you the information you need to make that happen.

(continued in next column)

They can help you think about planning your family before, during and after cancer.

**1-855-220-7777**

### **RESOLVE: The National Infertility Association**

RESOLVE provides support and information to people who are experiencing infertility and aims to increase awareness of infertility issues through public education and advocacy.

**resolve.org**      **301-652-8585**

### **The Oncofertility Consortium**

An online fertility preservation toolkit provides web-based patient education, printable resources and support to patients in both English and Spanish. **The FERTLINE (866-708-3378)** links callers with a patient navigator and connects them to nearby fertility preservation programs.
