

State of Maryland & UPMC Hospital Restricted Visitation:

Effective Immediately

(updated 3/14/2020)

ALL VISITORS must follow these guidelines:

For the safety of our patients and staff, and to lower their likelihood of exposure to any illness, including COVID-19, UPMC Western Maryland is temporarily limiting visitors.

- No visitors with fever, coughing and shortness of breath
- No visitors who have recently traveled overseas

Inpatients being tested for or diagnosed with COVID-19

- No visitors

Non-COVID-19 inpatients AND outpatients in physician practices, rehab, cancer center, imaging, and all outpatient locations

- Limited to one visitor per inpatient, outpatient clinic, ambulatory surgery, and emergency department patient.
- No visitors who are ill.
- No children are permitted.
- Visitors must be 18 or older.

Obstetrics, labor and delivery units

- All visitors will be actively screened before entry.
- Visitors will be limited to two support persons (i.e., parent, guardian, caregiver).
- No children are permitted.

Thank you for helping us keep your loved ones and our staff safe.
